Certified Instructor: Judy Niemeyer

Class: General email from a very pleased customer

“Madam Niemeyer...I am writing to say thank you for all you do! Your PP patterns are just divine! I first did Cattails in the Meadow and today I just finished Fire Island Hosta. I used my own color choices for both and included a metallic spandex in both. I made silver geese in cattails and I made piping to go in the clam shell arcs as well as in the leaf veins. I plan on sending a picture of both when I can...Anyways...I’m also thankful that you have retreats because the one who taught me PP, got to go a few times. Her name is Jane Yurk. I believe she got to learn PP in Philomath Oregon at Jannilou. I’m very thankful for that as well. Jane isn’t a certified teacher but very well could be. It is because of her that I have been able to quilt like I do, to have great success and produce amazing looking quilts. She has an incredible quilt way about her. She has very high standards and consistently produces outstanding work. Her PP quilts are as fine as they come. Her traditional quilts are just as good. If I won the lottery, I would send Jane to become a certified teacher because she is as good an ambassador for paper piecing Judy Niemeyer patterns as they come. What she has done for me is almost unwordable and will last far beyond the both of us and give to others what cannot even be known yet. It really is an incredible thing. And so, I am thankful for Judy Niemeyer and all the work that’s done and being done for the world of paper piecing, for the teaching and outreach of paper piecing, and for retreats and shops that allowed Jane Yurk to learn PP and to be able to be part of that world and for her and all of the above to find its way to me. It’s almost unbelievable how satisfied I am with my PP. I just can’t say thank you enough.”
