

VINTAGE COMPASS FABRIC REFERENCES

Do you have Quiltster? This layout is compatible with Quiltster, which means that you can add fabric swatches to the line drawing and see what your quilt will look like before you purchase fabrics or make it! The fabric references shown correspond to the layout in Quiltster. Quiltster is available by subscription on a monthly or annual basis and includes many of Quiltworx designs and current fabric collections from across the industry. Visit <http://www.quiltster.com> for more information! Find the layout in My Projects for Vintage Compass, then click on either the pre-colored template that matches the coversheet quilt and begin tweaking the fabrics or choose the blank layout to start from scratch!
