

► **Finishing the Block Group**

Assembly Graphics 1: Before the curved piecing can be completed for Units F5-F9, you must first join Units F1-F4 with the Mixer Group components for JNQ00193-A Group and JNQ00193-B Group. Arrange the Foundation Units from the (3) Mixer Groups A, B and F onto a design wall in the order shown. Then follow the step by step assembly instructions provided on the next few pages to complete your quilt.

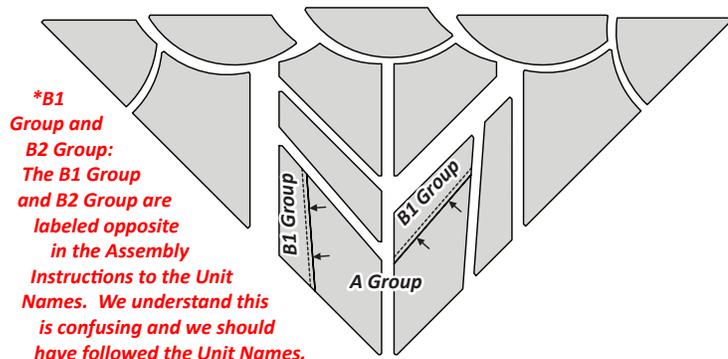

Assembly Graphics: Locate the newsprint sheets LP 79 and LP 80. The assembly graphics for this portion of your instruction ends with Assembly Graphic #11. The remaining assembly graphics for the queen layout are shown under the **Queen Extension Assembly Graphics 12-15**.

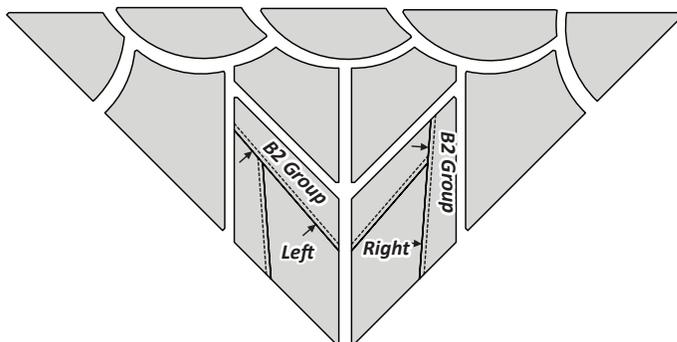

► **Sewing Block Groups A, B1, B2, and F1- F4**

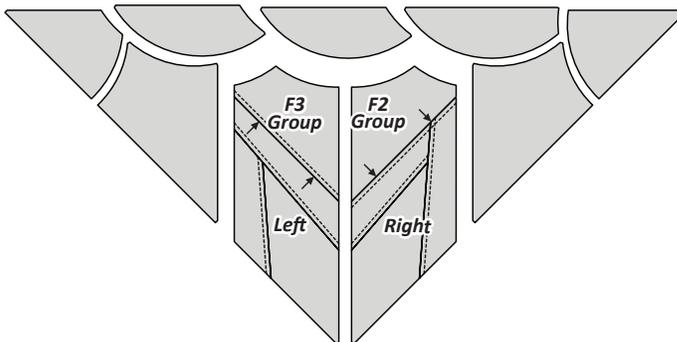

Assembly Graphic 2: Join Block Group A to Block Group B1. Press towards B1.

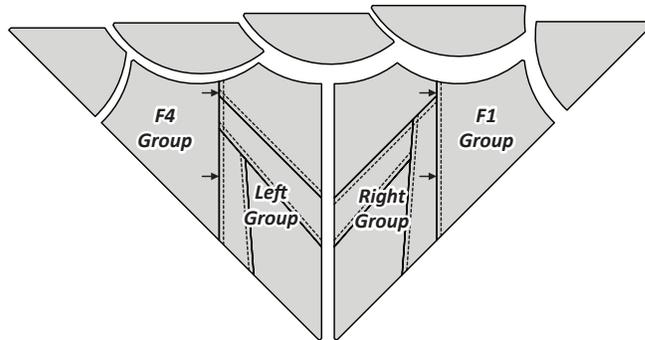

Assembly Graphic 3: The B2 Block Groups are joined to the Left & Right Block Groups. Press towards B2.

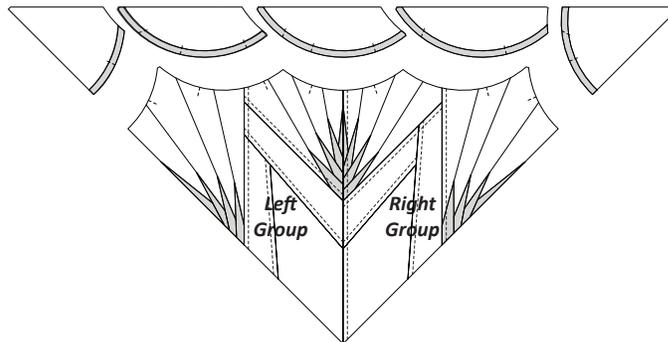

Assembly Graphic 4: Join the F3 Group to the Left Block Group. Press towards F3. Then join F2 Group to the Right Block Group. Press towards the Right Group.

Assembly Graphic 5: Join the F4 Group to the Left Block Group. Press towards the Left Group. Then join the F1 Group to the Right Block Group. Press towards F1.

Assembly Graphic 6: Join the Left & Right Block Groups. Press toward the Right Group.

Curved Piecing: Block Groups F5-F9 are joined using curved piecing techniques. The graphics shown do not necessarily match the pieced Block Group graphics, but the general steps and shapes of the graphics are correct for achieving the curved piecing.
