Pre-cutting the fabrics is a mandatory requirement prior to taking this course. Please begin preparing for class at least 2-WEEKS prior to the class to make sure that you are able to get familiar with your pattern and complete the pre-cutting before hand. It is important that you have your pre-class cutting completed. If this step is not completed, you will have a very difficult time keeping up and participating in the instruction. We recommend reading through your entire pattern before beginning.
